Learning Objectives

Spelling words= words that CAN be sounded out

Snap words = words that MUST be recognized instantly to be a successful reader.

The Snap words CANNOT be sounded out

Spelling words 10/week test on Thursdays... home as spelling homework on Monday

Snap 5/week...test on Fridays -rainbow written Monday

* Math: We will begin Chapter 6- focuses on ordinal- (1st, 2nd) and positional- (before, after, between, left, right) words

* Foundations: We will review "glued" sound, all and start working with glued sounds am an
Similar to snap words, glued sounds must be recognized visually and cannot be "tapped" out. For instance: ball, ham fan.

*Reading: This week students will identify Snap words and glued sounds while reading. They will find them on the word wall, use them to figure out harder words when reading, and notice that other unknown words have parts of Snap words or glued sounds inside of them... if you know "an", then you can read "plant." The more Snap words a child can instantly read, the better reader he/she will become.
