Learning Objectives

**** Downtown Field trip Thank you for chaperoning:**

Peter F,'s Mom-Kristel, Peter P's Dad-Paul, and Greyson's Gram-Deb

Great fun learning about our Tamworth community from our Community Nurse-Jo Ann, Amy at Cook Memorial, Katy and Sue at The History Center, and Lauren who brought her Chinook puppy, Mason. Students wrote a page to create a book about this trip.

**** If you haven't signed up for a parent conference time with me, please email or phone to set a date. At the conference you receive information about your child's progress since the start of school and we discuss any questions or concerns you may have regarding first grade.**

Looking for a pumpkin or two for our pumpkin study at the end of this month.

Writing: Students are practicing starting with a topic sentence, writing three or more sentences with details and then a final sentence that pulls everything back together

* Math: In Chapter 4, subtraction was introduced and strategies: count on, count back, and take away will be reviewed. By the end of the week, we will make up subtraction stories and sentences.

* Reading: This week Readers Workshop continues to build good habits when reading: practice seeing more when rereading, using the pictures, parts inside words, and rereading to check to see if the word made sense in the sentence. Partners help with reminders & coaching not a telling.

Dates of Interest

10/16~ first week of after school programs
10/19 ~ School Board Meeting @ 5:30pm
10/31 ~ All school Assembly @ 9:15am group of the month will be recognized

Homework Heroes

These children have returned their math homework this week:

**Destiny, Ivorie, Morgan,
Peter F, Peter P, & Vivianna.**

Parent Conference

Parent Conferences will be 20-25 minutes long. Be prepared to ask questions and receive information about your child's progress. I will be discussing and distributing this winter's Blizzard Bags. Please keep in mind there may be one or two sessions following yours. Assessments slow down instruction for two weeks.

Reading, snap word, and math skill assessments are conducted to provide up-to-date data to give you at your conference.
